Welcome Package & Enrolment

Welcome to the LEAP. Please ensure you read through this entire document carefully to ensure this group's aim and codes of conduct etc suits you and your family.

HISTORY

The LEAP idea was developed to facilitate an opportunity for home educating families with shared goals to grow and learn together.

VISION

The group's vision is to create an environment where home educated children can participate in open learning activities. The group hopes to create an environment for children that fuse together fun, learning and social connection. **This group is non-sectarian.**

MEMBERSHIP

Participation in activities is open to all home learners. The only fees incurred are for classes and activities as detailed on the relevant LEAP page on the HBLN website. **This group is not-for-profit.**

AGE GROUP

The main age range is 5-17 years. The group aims to grow with the children as they do.

STRUCTURE

Parents must sign their child(ren) in at the start of their child(s) first class for the day. If there is a gap/time between classes then the parent must be in attendance as no supervision is provided outside the child(s) registered class times.

A timetable is provided at the beginning of each Term and parents/guardians come and go in accordance with the activities their children are involved in.

All parents/guardians help with pack up and cleaning at the end of the day.

accompanied to and from the toilet by a responsible adult or older child. It is the responsibility of the parent/guardian to ensure that their child(ren) are accompanied to and from the toilet at all other times.

- Children are only to play outside if a supervising adult is present.
- Toy weapons and items which can be potentially used as weapons are not welcome for play, this includes the use of sticks in play.
- Electronic games/items should be left at home as this is an interactive group and no responsibility is taken for broken or lost items.

EXTRA ACTIVITIES

Each year our group may organise extra activities. If these extra activities are not able to be covered by existing group funds, then extra costs may be incurred by the group for those who wish to participate.

COST

- Term fees are typically \$12/class/student plus consumables for some classes.
- ***Payments must be paid in full by the beginning of each Term through the LEAP page on the hbln website.***
- Public Liability insurance cover is provided by Home Education WA and is included as part of full membership to HBLN/HEWA. **Non HEWA members will pay an additional 20% on top of the total term fee as their contribution towards insurance.**

Refund Policy

As this group is not for profit all activities are run so that they cover the cost of the venue, instructor and consumables. As a result of this there is no refund for missed classes as instructors and the venue still have to be paid for. If a class is cancelled due to instructor illness or unavailability of venue then the cost of that class will be credited and applied to the next terms fees.

WINDING UP

As this group is not for profit, in the event of closure, after all debts are met, any remaining funds will be remitted to HEWA for use in ongoing Home Education related business.

Public Liability (Broadform) Insurance – What does it cover?

A Public Liability policy provides community group or organisation with an indemnity against all sums which the insured entity may (you) become legally liable to pay (by way of compensation and legal defence costs) for personal injury and/or property damage to third party property or persons including the public resulting from an occurrence which arises from your group's activities.

A legal liability can arise from your negligence, or the negligence of your members, including voluntary workers engaged on behalf of the club, who are working in a recognised role for the club or group.

To put this another way if you do something, or fail to do something, then where you are negligent (eg you have breached your duty of care) and someone is injured, or their property is damaged as a result of this negligent act, the policy will defend you and pay compensation if you are legally liable subject to the specific terms and conditions of the policy. For example, a tent comes loose in windy conditions as it was not properly secured, a person slips on a wet surface because you have not made it safe for people to walk on it.

Participation Exclusion

People participating in a sporting event (eg soccer match, netball, tennis) or other physical activity (eg bush walking, dancing, acting), generally accept the inherent risk of participating as a hazard of the event or activity.

What is important is that your group is protected for its legal liabilities and defence costs associated with the activities and premises it operates if your premises or facility is unsafe for the event or activity being conducted – this can create a risk greater than the normal accepted hazard of participating.
